FORMAL STATEMENT OF MEETING
This document records a project review meeting held by the development team, intended to record reviews mentioned herein. The meeting was convened to finalize the connections between various screens and improve the overall user experience. The team worked on displaying accounting and management screens directly on the main dashboard, ensuring that critical information was easily accessible to users. They also addressed and fixed several issues within the existing project flows, which were crucial for maintaining a smooth user journey. Methods for item requests were added, and relevant screens were connected to streamline the process further. The meeting concluded with a thorough review of the project flows, with the team making necessary adjustments to enhance user interaction and system efficiency.
